# 'Specialty Steel' included under the Production Linked Incentive (PLI) scheme

Ministry of Steel

## 'Specialty Steel' included under the Production Linked Incentive

Posted On: 10 FEB 2021 12:52PM by PIB Delhi

Government has approved inclusion of 'Specialty Steel' under the Production Linked Incentive (PLI) Scheme with a 5-year financial outlay of Rs 6322 Cr to promote the manufacturing of 'Specialty Steel' within the country by attracting capital investment, generate employment and promote technology up-gradation in the steel sector. This would help in improving availability of 'Specialty Steel' in the country by making the country Atmanirbhar in meeting the domestic demand. In a deregulated, open market scenario, domestic steel price is determined by market forces of demand and supply, trends in prices of raw materials and is also influenced by global steel trade conditions.

This information was given by the Union Minister for Steel Shri Dharmendra Pradhan in a written reply in the Rajya Sabha today.

## Draft PLI guidelines for Specialty steel

Recently an ASSOCHAM event was held on 22 January 2021 in relation to Draft PLI Scheme for Speciality Steel

### Following are the key aspects discussed in the event

- The total outlay of Rs. 6,322 Cr. is distributed among four categories of steel products as follows

Majority of incentives in PLI Scheme draft are for commodity products

19

Category	Sub-Category	Rs Cr. Incentive
Coated/Plated Steel Products	Colour Coated	804
	Galvanneal/GI-Auto-Gr	173
	Al-Zn Coated (Price Ref.: 0.8mm Thk x AZ-70)	190
	Tin mill Products	239
	Coated/Plated Products of Metallic / Non-Metallic	715
High Strength/Wear resistant Steel	HT: HR Coil, Sheets & Plates	598

## Draft PLI guidelines for Specialty steel

- The rate of incentives ranges from 3% to 9%

### Rate of PLI as per PLI Scheme draft

## Draft PLI guidelines for Specialty steel

- Minimum incremental growth ranges from 6% to 25%

### Minimum Incremental growth as per PLI Scheme draft

> Speaking: r k goyal

Category	Sub-Category	Min. Incremental prod. for PLI Eligibility
Coated/Plated Steel Products	Colour Coated	6%

# Draft PLI guidelines for Specialty steel

Summary of the suggestions are as follows

## Summary of Suggestions for modifications in PLI Scheme draft

29

1 Specialty Steels sub-segments to be added in Alloy Steel category and Incentive outlay to be re-distributed

2 Rate of PLI to be increased for Alloy Steels

3 Minimum incremental production for Alloy Steels to be 6%

4 Allow all Specialty Steel producers having BOF/EOF/EAF melting to be eligible for PLI Scheme

5 R&D funding of upto Rs. 100 Cr each for few Specialty Steel comp

## Draft PLI guidelines for Specialty steel

### Additional points to be taken into consideration

- 3% incentive for colour coated steel products is very low
- 5 year investment period to be relooked from start to end of the project
- Incremental production range is very high
- The process of getting incentives is too complex as companies need to sign MOU
- Job work should also be allowed, End to end Complete manufacturing process is not a healthy condition as well as not feasible
- Incentive limit per company should be avoided
- Scoring and rating criteria- CIBIL ratings/scores need to be looked into

## Make in India – PLI booster for Manufacturing Sector for Export Sales

The Union Cabinet has given in-principle approval to Production Linked Incentive (PLI) scheme for 10 more sectors in order to boost domestic manufacturing and cut down on import bills for a total financial outlay of estimated USD 20 billion (INR 145,980 crore).

During March 2020, the Central Government introduced the PLI scheme for mobile manufacturing as well as pharmaceutical ingredients and medical devices for a financial outlay of INR 51,311 Crores.

However, unlike the previous schemes brought to boost domestic manufacturing, the proposed PLI schemes for identified sectors is going to provide all sops and benefits only if the organizations are able to have incremental export sales every year for the next five years.

## Approved financial outlay for various sectors

Following sectors have been identified for enhancing India's manufacturing capabilities and enhancing exports – Atmanirbhar Bharat:

Priority	Sector	Implementing Ministry Department	Approved financial outlay over a five-year period (INR Crore)

9	White Goods (ACs and LED)	Department of Promotion of Industry and Internal Trade	6,238
10	Speciality Steel	Ministry of Steel	6,322
	Total		145,980
